Overview

SUNTUF corrugated sheets offer a variety of light transmission and color options, while also providing maximum impact resistance and a broad service temperature range.

SUNTUF is ideal for a wide range of professional and Do-It-Yourself applications. Transparent & diffused panels make excellent skylights, sidelights, and greenhouse glazing, while colored panels can be used for outdoor roofing covers.

Lightweight, super tough and easy to install, use SUNTUF to cover just about any type of outdoor structure for increased outdoor living area, storage, or shelter.
